- (c) "The Committee" means the Committee in charge of the Tournament constituted under the provisions of Clause 12 hereof.
- (d) "State" means a State of the Commonwealth of Australia.
- (e) "Year" means calendar year.
- (f) "Permanent place of residence" means the person's residential address in Australia.
- (g) "Contest" means the competition between two teams representing a member State (ie Queensland v Victoria).
- (h) "Match" means the individual competition between two players.

2. GENERAL

- 2.1 A Tournament for Interstate Teams Matches will be held once a year in accordance with the conditions contained in this document. The Tournament will be decided by match play and will take the form of a series of contests between Teams representing Member States. Each team competes against every other Team in the Tournament once only.
- 2.2 As far as possible, the Tournament will be held in rotation between Member States. A roster may be compiled, however it may vary from time to time.
- 2.3 In special circumstances more than one course may be used. If unforeseen circumstances arise at the time of the Tournament, the Committee may approve the use of an additional or alternative course.

3. FORMAT OF PLAY

- 3.1 A Member State will be represented by a team of six (6) players as qualified in this document. Five (5) players will be selected for singles matches in each contest. A Member State will notify the Committee in writing of the names of such six (6) players by the date appointed by the Committee.
- 3.2 The draw will be determined in accordance with the established procedure by Golf Australia.
- 3.3 The tournament will be scheduled to be played over three consecutive days, with each day consisting of a contest comprising five singles matches.
- 3.4 The stipulated round is eighteen holes unless otherwise decided by the Committee to meet special circumstances. The sequence in which holes are to be played will be determined by the Committee for each contest. In the event of a match being all square after 18 holes, a halved result will be recorded.
- 3.5 However, in the event of a substantial delay in play or envisaged substantial delay, as determined by the Committee, the following procedures will take effect:
 - a) Matches that are not completed by the end of the day's play (on a day other than the final day's play) will be completed when play resumes.

- b) During play of individual matches, should play be suspended and not subsequently resumed, any match result may stand and all incomplete matches may be declared halved (see R&A guidelines in *Guidance on Running a Competition*).
- c) All five matches must be completed in each of the five contests for that round to count, except in round 5 where an unfinished game may be discontinued if its result will not affect the overall series winner.

4. **STARTING TIMES**

- 4.1 On any day of the Tournament during which two series of contests between Teams of Member States are to be played, the Committee will ensure that the first contest (or contests if more than one starting tee is used) in the first series is commenced at a time that will permit all players participating to be allowed at least half an hour as a lunch respite before being required to engage in the afternoon series of contests.
- 4.2 After the time appointed for commencement of a contest all players must be ready in turn to commence play of their individual match. Each match will commence at its allotted start time.
- 4.3 If the player arrives at their starting point, ready to play, within five minutes after their starting time, in the absence of circumstances that warrant waiving the penalty of disqualification as provided in Rule 33-7, the penalty for failure to start on time is loss of the first hole to be played.

5. **ORDER OF PLAY**

- 5.1 On each day of the Tournament at least thirty minutes before the times appointed for the commencement of a contest, the Manager of a team will give the Committee or its representative a list of the players and their order of play. The order of play will not be altered after the 30-minute cut-off has elapsed, however the Committee may vary such period of thirty minutes if it so determines.
- 5.2 Teams will play in reverse order - that is to say the number 5 player to hit off first, with the honour as per the draw.
- 5.3 A player who had been nominated to play in a particular contest may, whilst that contest is in progress and after their own match has been decided, act as caddie for another member of their Team playing in the same contest.

- (d) That where a player is a member of a club with dual Member State affiliation, the player is permitted to elect which Member State for which they wish to be available for representation, irrespective of their State of residence. Once such election is made in writing to both Member States and is approved by the Interim Board, the player must continue to be available only to the Member State so elected unless special permission is obtained from the Interim Board.

6.3 Within fourteen days of the receipt from a Member State of a player's election made under the provisions of paragraph 6.2(c) (iii), the Interim Board will advise such player and both Member States concerned in writing of its approval or disapproval of such election. The decision of the Interim Board will be final and binding on the player and Member States concerned.

The onus of proof to the satisfaction of the Interim Board that they are entitled to make an election as aforesaid, will rest solely upon the player concerned.

7. SUBSTITUTIONS
