Any following group will be considered "out of position" if it is

c) Procedure When Again Out of Position During Same Round:

If a group is out of position more than once during a round, the above procedure will apply on each occasion. Bad times and the application of penalties in the same round will be carried forward until the round is completed. A player will not be penalised if they have a second bad time before being advised of their earlier bad time.

SECTION B – LOCAL RULES

The following Local Rules, together with any other additions or amendments as published, will apply in accordance with Rule 33-8:

1. Out of Bounds (Rule 27)

- a) Beyond the inside line of any wall, fence (or the extension of such wall or fence line) or line of white stakes and/or white lines defining the boundary of the course.
- b) A ball which crosses a public pathway/roadway area defined as out of bounds and comes to rest beyond that area is out of bounds, even though it may lie on another part of the course.

Note:

- i) Where out of bounds is defined by white stakes or fence posts (excluding angled supports) the line joining the nearest inside points at ground level of such stakes or posts defines the boundary. A ball is out of bounds when all of it lies over such line. (Note: Angled supports of a boundary fence are obstructions.)
- ii) Where boundary fence posts have concrete bases, out of bounds is defined by the posts (NOT the bases) – additionally, the concrete bases are NOT obstructions.

2. Water Hazards (Including Lateral Water Hazards) (Rule 26)

- a) When both stakes and lines are used to define a water hazard, the stakes identify the hazard and the lines define the margin.
- b) A water hazard marking stake is a movable obstruction if it may be moved without unreasonable effort, without unduly delaying play, and without causing damage.

Note: Dropping Zones for Water Hazards – Where there are dropping zones for water hazards, a ball may be played under Rule 26, or a ball may be dropped in the dropping zone nearest to where the original ball last crossed the margin of the hazard under penalty of one stroke. When dropping a ball in a dropping zone, the dropped ball must not be re-dropped if it comes to rest within two club-lengths of the spot where it first struck a part of the course even though it may finish outside the boundaries of the dropping zone or nearer the hole.

3. Ground Under Repair (Rule 25-1)

- a) Areas encircled by white paint. The white paint may appear in any of the following ways – dots, broken lines, or unbroken lines.
- b) Clearly defined wheel ruts.
- c) Seams of cut turf (not the turf itself) through the green that interferes with the lie of the ball or the area of intended swing, ie no relief from interference to stance. All seams within the cut turf are considered the same seam.
- d) Washaways in bunkers and at the margins of bunkers.

- e) Ornamental garden beds surrounded by a border (including sections of garden beds defined by white paint).
 - f) Any area of damaged ground (eg caused by crowd or vehicle movement) that is considered by a Rules official to be abnormal.
- 4. Abnormal Ground Conditions (Rule 25)**
- a) Relief will be denied for interference to stance from a hole, cast or runway made by a burrowing animal, a reptile or bird.
 - b) Relief is available for lie of ball or area of intended swing from any painted distance markings situated in any closely mown area through the green. Note: This does not include painted distances on long driving holes.
- 5. Immovable Obstructions (Rule 24-2)**
- a) The artificial surfaces and sides of roads and paths (includes gravel paths).
 - b) White-lined areas adjoining an obstruction are part of that obstruction and not GUR.
 - c) Landscaped garden areas completely surrounded by an obstruction are part of that obstruction.
 - d) Secured mats and plastic cable ramps covering cables are immovable obstructions.
- 6. Immovable Obstructions Close to Putting Green (eg Sprinkler Heads)**
The Specimen Local Rule on pages 134-135 is in effect.
- 7. Integral Parts of the Course**
- a) All roads and paths which are not artificially surfaced.
 - b) Wood-chipped areas are integral parts of the course unless the provisions of another local rule apply (individual woodchips are loose impediments).
 - c) Wires, cables, metal, or wrapping or other objects where they are closely attached to trees or other permanent objects.
- 8. Staked Trees and Shrubs**
- If a tree or shrub, that is either staked and/or protected by a tree guard, interferes with the player's stance or the area of their intended swing, the ball **MAY** be lifted, without penalty, and dropped in accordance with the procedure prescribed in Rule 24-2b (Immovable Obstruction). Note – A wood-chipped (or other constructed) basin surrounding a tree or shrub that is either staked and/or protected by a tree guard is considered to be a part of the obstruction. If the ball lies in a water hazard, the player may lift and drop the ball in accordance with Rule 24-2b(i) except that the nearest point of relief must be in the water hazard and the ball must be dropped in the water hazard or the player may proceed under Rule 26. The ball may be cleaned when lifted under this Local Rule.
- NOTE:** The stakes and tree guards are **IMMOVABLE OBSTRUCTIONS**.

9. Turf Plugs on Putting Green

On any putting green, turf plugs of any size have the same status as old hole plugs and may be repaired under Rule 16-1c.

10. Stones in Bunkers

Stones in bunkers are movable obstructions (Rule 24-1 applies).

11. Embedded Ball – Extended to Through the Green

The specimen Local Rule on pages 131-132 is in effect.

12. Permanent Elevated Cables

If a ball strikes an elevated power line or cable, the stroke must be cancelled and replayed without penalty (see Rule 20-5). If the ball is not immediately recoverable, another ball may be substituted.

13. Temporary Immovable Obstructions (eg Temporary Signage Erected for the Event)

The Specimen Local Rule on pages 135-138 is in effect.
