

About Junior Golf SA

Junior Golf SA (JGSA) was established by Golf South Australia Limited (Golf SA) to provide a coordinated approach to junior development and participation in the state.

JGSA will offer junior golfers access to information relating to junior golf events, clinics and importantly other golfing opportunities within their communities.

It will help provide parents, junior coordinators, coaches and teachers with a wide range of information that will assist in the development and establishment of better and stronger junior golf programs within communities in South Australia.

Working together in a collaborative manner with junior golf and programs such as MYGolf and Pump Golf will also help promote and strengthen junior participation.

Developing junior golf is simply about participation and having fun in an environment where, "Everyone's Included".
