

# REMEMBRANCE GOLF DAY

— FOR LEGACY —

---

## *What is Remembrance Golf Day?*

---

Every year, on November 11, Australians take time to honour our fallen and wounded service men and women. To recognise those who have served in all our wars, Golf Australia, Legacy and the Australian Defence Force have partnered to initiate "Remembrance Golf Day."

During the week of Remembrance Day, Golf Australia encourages Golf Clubs around the country to raise funds for Legacy. A gold coin donation is asked of each player, in addition to their green or match fee. The funds raised will help Legacy support the families of our fallen and our wounded. Clubs and communities are also encouraged to host a competition or activity to raise additional funds for Legacy's cause. Sponsors may also wish to contribute to this activity.

Currently serving and ex-service members will also be encouraged to participate, as will volunteers and supporters of Legacy.

---

## *Why Remembrance Golf Day?*

---

Since the beginning of this century, our troops have been on operations all around the world. From Timor and the Solomon Islands to post 9/11 commitments in Afghanistan and Iraq. They've been involved in Border Protection operations and have offered support to Humanitarian Assistance and disaster relief. Many have died along the way or have been left injured. This service continues the fine traditions that started at Gallipoli by the ANZACS.

Legacy and Golf Australia have joined to express their support for our veterans and their families.

---

## *An Invitation*

---

We invite the Australian golfing community to join us in our support by participating in this new initiative.

If your Club is willing to participate, please contact us and we will provide more details. Should your Club already host a Legacy fundraising day, you might consider moving it to the week of Remembrance Day? If Legacy Day is a firm fixture in the golfing calendar we thank you and encourage your continued support.

For enquiries please contact:
