

Meet a 6 year old superhero!

Kaitlyn Scott is the 6 year old daughter of Craig Scott, the CEO of Stonecutters Ridge Golf Club and in February this year she was diagnosed with a very rare and generally inoperable brain tumour.

This news was devastating to Craig, Lisa their 12 year old son Aodyen and Kaitlyn plus everyone who knows this beautiful and loving family.

Kaitlyn has already had three surgical procedures to ease the side effects of the tumour to allow time for the treatment to commence. With the lack of information about this type of tumour, Kaitlyn is part of a combined study with America in an effort to best develop a treatment plan.

Kaitlyn has initially had 6 rounds of weeklong chemotherapy three weeks apart followed by six weeks of radiation therapy. The total treatment programme is around 10 months. Further treatment may then be required based on results.

A recent case similar to this resulted in an Australian first operation to remove the remaining tumour left after treatment, the cost of this operation was \$67,000

If treatment is successful, the family have been advised to expect life long side effects from this treatment ranging from damage to the reproductive system to permanent damage to the brain. Unfortunately, the extent of the damage will not be known until it is already done.

Kaitlyn is a vibrant and energetic little girl who has an amazing zest for life and always has that beautiful smile on her face. This brave little girl is an absolute inspiration.

A charity golf day will be held to raise funds for the Scott family and Westmead Children's hospital where she is being treated.

There are opportunities available for sponsorship and donations and we are asking all our valued suppliers to consider contributing to this special event.
