

Membership Restructure

The board has decided to change our membership structure to better reflect the needs of our changing lifestyles. Going forward for members over 25 years of age there will only 3 categories of membership available for new golfers:

- **Casual Membership:** these players are entitled to play the course at any time outside key competition and event times. They do not get a handicap and are not entitled to reciprocal rights. The Current membership fees for this category is \$525. They can upgrade categories during a year.
- **General Membership:** these members get a handicap and can play in competitions. However they pay a premium comp fee. Their comp fee will be \$35 for the Saturday comp and \$25 for all other comps. They have restricted reciprocal rights. They cannot change categories within a year. The current fees for this category is \$575 plus capitation fees.
- **Full Membership.** This is unchanged. Members get full rights. They cannot downgrade membership within a financial year.

We will not be taking on any more new members in the five and six day categories. However existing members in this category will be able to retain their membership if they choose to.

Memberships in the new general category are now available on a pro rata basis for new members
