2. Abandoned matches will not be played at a later date unless they are a district, area or state final and on the provision a suitable date can be found.
3. If an area cannot provide a finalist for the state final the area with a finalist available will be declared the winner.
4. If a match cannot be completed and all players have completed a minimum of 50% of the available holes comprising the match then completed matches will stand and remaining matches will be declared as at their current standing on the course when play is suspended or cancelled.

#### **FINALS QUALIFICATION**

(To ensure equality of progression to State Finals from all areas the following state condition applies)

1. To qualify for a district or area final, players must have played a percentage of matches at least equal to 25% of the available roster matches, excluding finals, in the district season for the club for which they would play the final if eligible and selected.

3. State or Australian representation coinciding with a pennant match will count as a played match for the player concerned.
4. Byes within a roster do not count as an available match.

#### **AREA FINALS**

(To ensure equality of progression to state finals all areas are requested to adhere to the following recommended state condition)

1. At the conclusion of the pennant, for areas not holding finals, the winner will be the team with the most matches won. If two or more teams tie in the number of matches, individual game wins for the entire season will be counted, and if this results in a tie, individual number of game wins in matches between the those two teams will be counted, and if still tied the size of the wins will be calculated with the highest total being the winner.

1. The minimum penalty for a team playing an ineligible player will be loss of the match by the minimum margin.  
eg. 3&2 or 4&3 (as applicable to the overall team number of players)
2. If the non-offending team had already won the match by a greater margin than the minimum, then this greater margin will stand  
e.g. 4&1 or 5½/1½
3. Additionally, the non-offending team will also be credited with a win in the ineligible players match if that player had previously lost against the ineligible player. This match will be added to any previously calculated total team minimum winning margin total.

#### **CONFORMING GOLF BALLS, ONE BALL CONDITION AND TIME OF STARTING**

The specimen conditions in the Rules of Golf are in effect as regards to Conforming Golf Balls, One Ball Condition and Time of Starting.

#### **PACE OF PLAY**

Rule 6-7 will be strictly enforced. Each group must maintain its position on the course with respect to the group preceding it. If during a stipulated round, a player uses a distance measuring device that is designed to gauge or measure other conditions that might affect his play (e.g. gradient, windspeed, temperature, etc), the player is in breach of Rule 14-3, for which the penalty is disqualification, regardless of whether any such additional functions are actually used.

### **MOTORISED TRANSPORT**

During play, it is prohibited for a player to ride in or on a motorised vehicle unless specific written permission has been granted by the Championship Play Committee. (NB Subject to host club permission, a caddie may use motorised transport at any time.)
