

Report from the Rules & Amateur Status Committee – June Meeting

Committee:

F. Gal (Chairman), J. Haddrick, M. Palmer, J. Robinson, D. Shannon and M. Shepherd

More Online Resources

It was decided at this meeting that Golf NSW would look into expanding its library of online resources for Rules Education, including video clips of rules decisions and perhaps even the delivery of many components of a Club Level course.

It has been suggested that Golf Australia are also considering an expanded website education program that may be based on, or in collaboration with Golf Canada who have a good resource that could well be worth tapping into.

2015 State Level Course

It was agreed that a State Level Course will be held in 2015 for those that have achieved high level Club Accreditation passes in recent years.

Committee Sessions

It was noted that the session to be held in Western and North West DGA's was postponed and will be held later in the year.

Local Rules Service

It was agreed that a small panel be formed to look at Club Local Rules, to provide a review of those currently in place and to recommend / re-draft these.

This panel would be trained in this area and would ensure that all clubs were reviewed every five years.

Funding Schemes for Amateur Players

It was agreed that the documentation outlining procedures for the administration of funds for elite players be re-distributed, along with a simple Q&A document to assist clubs in understanding the purpose of the documentation.
