

Dear Secretary,

The Remembrance Golf Day is now upon us and Legacy is again looking forward to the support of all golf clubs in Australia to this very worthwhile and significant event.

This national event is a partnership between Golf Australia and the Australian Defence Force to assist Legacy Australia care for around 90,000 widows, partners and children. I am sure you will agree that there can be no greater sacrifice to Australia than to give up ones husband, partner, father or mother in defence of this country.

The Remembrance Golf Day started in 2012 and the response was very encouraging. This year it is hoped to build on the past 2 years and continue to increase activity and support from all golf clubs as it moves towards becoming an iconic event in the golfing calendar.

The key to this success is to help raise awareness and donations for Legacy on or around Remembrance Day from players and supporters at your local golf club. All activities are welcome and we encourage your club and or teams to register their event at www.remembrancegolf.com.au as a mark of Remembrance.

Should have you any questions about Legacy, what we do or how the funds will assist the families of incapacitated or deceased veterans please go to the Legacy website at www.legacy.com.au or contact the Legacy National Marketing Office on 02 8543 2100 or marketing@legacy.com.au

We look forward to your continued support.

Yours sincerely,

David Gray
Chairman
