

2016 South Australian Golf Industry Awards Night

Saturday 22 October 2016

SCRIPT

Ben Hook (MC)

I would like to invite **Paul Sutcliffe, Life Member of GMA SA** and Award Sponsor **John Caust** (from Monit Workplace Health and Safety) to come forward to present:

(GMA SA) WORKPLACE HEALTH AND SAFETY AWARD

Paul Sutcliffe

Workplace Health and Safety is a required need for all organisations, be they production facilities such as factories, assembly plants or construction sites

A Golf Club is no different in needing to be conversant and diligent in the area of Workplace Health and Safety.

The varied duties of Golf Club employees and the constant use of facilities of the Club members and the public demand that a Club has strong and effective Workplace, Health and Safety policies in place, together with a system to support that intent.

The Award winning Club, upon inspection, particularly impressed with its system of recording staff training, clubhouse and green-keeping operations, electrical and fire prevention and public evacuation procedures and the like.

I have pleasure in announcing the:

Workplace, Health and Safety Award for 2016 goes to

The South Lakes Golf Club of Goolwa.
