NOMINEE'S SKILLS, QUALIFICATIONS AND EXPERIENCE

Board and Committee Involvement:

- Director of Golf NSW for 2 years and held the position of Chair of Governance & Planning for 2 years and Deputy Chair for 1 year
- Independent Appointee on the Members Services Committee of Local Government Superannuation since 2016
- Director and Chair of the Audit & Risk Committee of Learning Links since 2013, a charity providing services to support children with learning difficulties and learning disabilities.

Background / Expertise:

CEO of The Housing Trust, turnover \$14m and \$145m on balance sheet mostly in property assets. Appointed July 2017.

CEO of Cystic Fibrosis NSW, 2013-17

National Manager of Health Communities at NPS MedicineWise, 2009-12

General Manager of Services at Alzheimer's Australia NSW, 2008-09

National Scholarships Manager at The Smith Family, 2006-9

Executive Director of Outcome Management Services, strategic and performance improvement consulting, 1987-05

Graduate Member of the Australian Institute of Company Directors, 2012

Master of Public Advocacy & Action, University of Victoria 2008

Master of Management, Western Sydney University, 1996

Interest and /or involvement in sport:

In addition to serving on the Board of Golf NSW I was a Zone B Councillor for 3 years and the Secretary of Hurstville Golf Club for 2 years. I have Club Level Rules Accreditation.

I enjoy visiting and playing in the country, as well as the city, and believe the perspective of public courses, small clubs and social players is a vital consideration alongside our championship and private clubs.

NOMINEE'S STATEMENT

It would be an honour to serve our Member Clubs and Districts for another two years.

As Chair of the Planning & Governance Committee I have had oversight of the establishment of the Advisory Committee, development of the new strategic plan and been actively involved in the assessment of the One Golf proposal. There is much more to do including consideration of how to maximise the value of our office building in Arncliffe and completing the research projects we've initiated on the economic, health and social value of our sport.
