## INTEREST AND/OR INVOLVEMENT IN SPORT

My interest and involvement in golf has spanned over 40 years.

Administration came about in the early 90's and the passion is still there.

My focus in recent years has been junior golf – I still run junior golf at my Club most Sundays.

## NOMINEE'S STATEMENT

Having been on the Golf NSW Board for 4 years now, I believe my last 2 years will see a greater focus on growth in junior golf and participation.

There are quite a few senior folk that are retired or retiring that need our prodding to get involved once again. This initiative will be State wide and should progress into an exciting time for strong growth in our sport.
