SKILLS, QUALIFICATIONS & EXPERIENCE

My skills in business and management have been honed of 25+ years as an employee of the NSW Department of Education in an administration capacity. Over the years I have undertaken numerous and diverse tertiary studies from business management to sports coaching, Work Health and Safety and Risk Management. I am member of Culcairn and Howling Golf Clubs and currently hold the position of Company Secretary in the Murray District Golf Association.

BOARD AND COMMITTEE INVOLVEMENT

Initially on joining the Golf NSW board I was a member of the Finance Committee, the Golf Committee and a GNSW representative to the board of Jack Newton Junior Golf. This past year since taking on the role of Vice Chairman I have been privileged to be included in all committees. It has been a fantastic learning experience and I hope I have been able to contribute and bring my own unique perspectives to the discussions.

INTEREST AND/OR INVOLVEMENT IN SPORT

Golf is an inclusive sport that anyone can play all their life. It's the only sport I can imagine myself playing as I get older. I'm currently the handicapper for Culcairn Golf Club and this year have been involved in assisting the smaller clubs in the MDGA run their annual tournaments. I'm always available to assist in any way whether it's a chat over the phone, an email or putting clubs in contact with the right person at GNSW. This past year I've also become through family a supporter of junior basketball and Australian rules football even if only from the sidelines.

NOMINEE'S STATEMENT

My decision to stand for the GNSW Board for another term has been purely motivated by my eagerness to contribute to and support GNSW as it faces the challenges of moving forward in the ever-changing sporting landscape. I believe this is an opportunity to consolidate all that I have learnt over the past two years and to make a positive impact on the sport I love.
