

Ben Hook (MC)

I would like to invite Award Sponsor **John Caust** (from Risk Management Essentials) to come forward to present:

(GMA SA) WORKPLACE HEALTH AND SAFETY AWARD

Ben Hook (MC)

The varied duties of Golf Club employees and the constant use of the facilities by both Club members and visitors demand that a Club has strong and effective Workplace, Health and Safety policies in place, together with a system to support that intent.

The Award winning Club has recently completed an audit of its WHS practices and is now implementing a program of improvement in WHS policies and practices, including the latest online WHS systems to identify and minimise workplace hazards and to ensure WHS best-practice.

The winning club is to be congratulated on its efforts to ensure the safety of its staff and patrons and is a worthy recipient of the WHS Award for 2018.

I have pleasure in announcing the:

Workplace, Health and Safety Award for 2018 goes to

Glenelg Golf Club
