History & Honour Roll –
Australian Men's Mid-Amateur Championship

History

The first Australian Men's Mid-Amateur Championship was played in 2007 over 54-holes stroke play.

In 2010, the Men's and Women's Mid-Amateur Championships were combined and since that time both have been played at the same time and at the same venue.

Both events are for players aged 30 and over

For the first three years, the winner of the Men's Mid-Amateur received an exemption into the Australian Open.
